

## What do you see in this heartfelt interaction?

The image certainly conveys a sweet moment shared between some cute “kids.”

But, to all of us at Maybury Farm, we see children learning about respect, gratitude and responsibility - for animals, agriculture and the land that sustains us all.

Maybury Farm, a landmark in the Northville community for over a hundred years, is a working farm with a mission to connect the community to animals and agriculture through hands-on experience that is both engaging and educational.

The farm offers families an opportunity to come together in green spaces, to engage with our animals, explore, unplug and learn. It's a place for everyone - young and old - to enjoy!

Maybury Farm, part of the Northville Community Foundation, is a non-profit organization that relies on your help.

We raise funds through sponsorships, grants, educational programs and visits.

With your help, we can continue to keep our visits, programs and events affordable for families.

There are a number of ways you can help:

At a time when interaction - a real connection you can't get on a screen - is so important, we're reaching out to ask for your support.

*Will you help us create more moments like this?*
