

Together, We Make the Greatest Impact.

The Northville Community Foundation & Maybury Farm is diligently planning the upcoming season's engaging learning opportunities including educational camps & programs, plus seasonal events like Maple Syrup Tours, Farm Fest, the Great Fall Festival, Corn Maze Weekends & Santa Visits. In addition, we're continually working to make a daily visit to the farm fill families with wonder & joy!

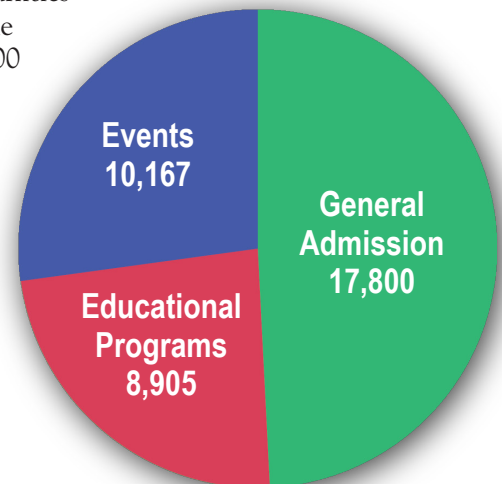

Our admissions, programs & events provide funds to help us keep our barn doors open. But we can't do it alone. That's why we're asking you to join us in continuing to provide these opportunities to families in our community. Together, we'll reach families from all across the metro Detroit area - last season, Maybury Farm saw a total of just under 37,000 visitors. In fact, last season we were named "2024's #1 Place to Take Kids by Kids Out and About" for the 2nd year running! As a sponsor, you'll reach those visitors as well!

With our varied event & educational sponsorship opportunities allow you to participate at a level that works for you. Check our insert or website & discover something that aligns with your values, or, we can work together to create a sponsorship that's as meaningful for you as it is for our mission to educate. *Together, we can make the greatest impact!*

Thank you,

Diana Wallace, Executive Director
