

## What do you see in this heartfelt interaction?

The image certainly conveys a sweet moment shared between some cute “kids.”

But, to all of us at Maybury Farm, we see children learning about respect, gratitude and responsibility - for animals, agriculture and the land that sustains us all.

Maybury Farm, a landmark in the Northville community for over a hundred years, is a working farm with a mission to connect the community to animals and agriculture through hands-on experience that is both engaging and educational.

The farm offers families an opportunity to come together in green spaces, to engage with our animals, explore, unplug and learn. It's a place for everyone - young and old - to enjoy!

Maybury Farm, part of the Northville Community Foundation, is a non-profit organization that relies on your help.

We raise funds through sponsorships, grants, educational programs and visits.

With your help, we can continue to keep our visits, programs and events affordable for families.

There are a number of ways you can help:

[Support an Educational Program](#) • [Donate to Animal, Barn or Garden Needs](#)

At a time when interaction - a real connection you can't get on a screen - is so important, we're reaching out to ask for your support.

*Will you help us create more moments like this?*

# Support an Educational Program

In 2025, we engaged more than 6,800 children in our education program offerings. Our *Summer Farm Camp*, *Watch-Me-Grow (WMG)*, *Farm Tours* and *StoryTime* offered opportunities for children of all ages to have fun while they learn! These well-attended programs allow children to unplug and learn through engaging, hands-on activities.

Your contribution will help us enhance and purchase supplies for our educational programs. An investment in education at Maybury Farm benefits children in the community immeasurably. Look below to see how we'll recognize your support.

*We realize that investing in and supporting a charitable organization, even one that shares your values, can be a weighty decision. At Maybury Farm, we consider our sponsors as partners and we strive to help you benefit from sponsorship as well as the families you're supporting. That's why our sponsorships are customizable - we're partnering to support a cause we all can get behind - to educating and connecting people with the land, animals and agriculture that sustain us all.*

# Donate to Animals, Barn or Garden Needs

Our farm animal family looks to us for their needs - we provide food, clean water, shelter and enrichment. Our historic barn and outdoor animal shelters require attention to keep them safe spaces. Our garden serves as a teaching tool and, while some animals enjoy a garden treat, much of our produce is donated to a local food bank.

As a non-profit, we look to the community for support. Some of our needs are covered through visits and Fundraising Events, but not enough. That's why we're reaching out to you for support. Please take a look below at some of our most pressing needs - can you help us provide for our farm and animals?
