Farm Tours continued

Farm Animals & Us

This is our most popular tour. The tour starts with a wagon ride out to see our fields, then continues with a walking tour of the farm. During this walking tour, our guests will be introduced to the working animals of Maybury Farm including horses, donkeys, pigs, sheep, goats, chickens, cows, alpacas and more! They will learn about each animal, including breeds and names, and the roles the different animals play on a working farm. Students will develop an understanding of our connection to the animals that provide our food and clothing resources. At the end of the tour, students will become honorary Maybury Farmers and rotate through hands-on activities replicating many chores that our farmers do throughout the year (milking goats, grooming, measuring out food, etc.). This tour includes use of the playground and outdoor picnic tables.

COST: \$13 per person - children under 2 are FREE (tour includes wagon ride)

AVAILABLE DATES: mid April-October

TOUR LENGTH: 60 minutes*

GROUP SIZE: tour can accommodate from 15-125 participants
